Full-Stack Developer with expertise in Next.js, TypeScript, and TailwindCSS, delivering responsive web applications and seamless user experiences. Proven track record in collaborating with design teams for high-quality deployments.

WORK EXPERIENCE

Pacific Equities Group

Full-Stack Developer at SaleSnap PH - Full Time

Cebu | Dec 2025 - Aug 2026

- Developed scalable front-end interfaces and robust back-end services for multiple web applications, implementing responsive and accessible UI components using Next.js, TypeScript, TailwindCSS, and shadcnUI.
- Collaborated with designers and product teams to deliver 5+ seamless user experiences, using NextJS and TypeScript while ensuring high-quality deployments and maintain clean codebases.

Pacific Equities Group

Full-Stack Developer at Abstract Digital - Part Time

Cebu | Aug 2025 - Dec 2025

- Built scalable front-end interfaces and robust back-end services for modern web applications using Next.js, TypeScript, and TailwindCSS, resulting in a 30% improvement in page load speed. Developed secure authentication flows and integrated real-time features with Firebase, enhancing user engagement through seamless cloud-based solutions.

TechTalk

Software Developer - Internship

Bogo, Central Visayas, Philippines | Feb 2025 - May 2025

- Contributed to the development of user authentication and notification features for Flexi App, a school attendance monitoring mobile application, using React Native alongside a team of 5 developers during my internship at TechTalk.
- Developed and implemented 5+ features for Flexi App, an attendance tracking system utilizing QR code scanning to enhance user experience and streamline attendance management.
- Developed backend and frontend features using Node.js and React to enhance event creation workflows and reduce student check-in/out by 30%.
- Collaborated in an agile team to develop a solution for event attendance tracking, increasing participation rates by 15% across 10 educational institutions.
